

## Baked Cheese in a Pumpkin

8 oz. pkg. of cream cheese (softened at room temperature)

1 pkg. Boursin cheese with herbs and/or garlic (in deli cheese section of store)

2 eggs, slightly beaten

fresh ground pepper

1 small hollowed-out pie pumpkin or squash\*

Mix together softened cream cheese and Boursin cheese together with a fork. Add slightly beaten eggs and mix well with a fork (do not use a mixer). Pour into the hollowed-out pumpkin, sprinkle with ground pepper, and bake at 350 degrees for 50-minutes to one hour (until set).

\*You could also bake this in acorn squash too. It doesn't really pick up much flavor from the pumpkin/squash, just a neat serving container for the season!

Serve with Fritos, taco chips, or crackers.
